Sir,

R.No. 72262-15-Mal.47 d/1.12.1948.

Sub:- Malaria - Hospet Municipality - Permanent control measures - Improvements to Basavannah channel within the Hospet Municipality - Revised estimate - Sanction requested.

Ref:- G.O. No.Ms. 358 P.H. d/7.2.48.

In the G.O. cited above, Govt. sanctioned the incurring of an expenditure of Rs.2740/- for the purpose of carrying out improvements as an antimalarial measure to the Basavannah channel within the Hospet Municipality. The Executive Engineer, Bellary, now states that the estimate of Rs.2740/- was prepared on the schedule of rates of 1946-47 and is not acceptable now on account of increased cost of labour and materials. He submits a revised estimate for Rs.6410/- according to the schedule of rates of 1948-49 A copy of his letter R.No.4070 M d/29.10.48 and its enclosures in original are herewith forwarded for information of Govt. The enclosures may be returned after perusal.

In the circumstances stated by the Executive Engineer, I request that Govt. will be pleased to approve of the revised estimate and to sanction the incurring of an expenditure of Rs.6410/ for carrying out improvements to the Basavanna channel within the Hospet Municipality as an antimalarial measure.

The increase in the revised estimate for the work is due to the adoption of the current schedule of rates which are higher now as stated by the Executive Engineer, Bellary Division. I agree with the Director of Public Health and request early approval of the Government to the revised estimate so that the improvements to the channel may be carried out in 1948-49 itself.

Sir,

Sub:- Malaria - Hospet Municipality - Permanent control measures- Improvements to Basavannah Channel within the Hospet Municipality - Revised estimate - Proposal.

Ref:- Govt. Memo No. 91170/48-3-E1-P.H. dated 3.3.1949.

With reference to Govt. Memo cited above, I have to state that no provision has been included in the proposal submitted to Government for additional appropriation of funds in 1948-49 for the extra expenditure proposed to be incurred in connection with the carrying out of improvements to the Basavannah Channel within the Hospet Municipality as an antimalarial measure. The Executive Engineer, Bellary Division has also reported that no expenditure has been incurred on the above work during 1948-49. Necessary provision for the expenditure will be made in the Revised estimate for 1949-50.

In Go. No 358 P.H dated 7.2.48 the Govt sanctioned the incurring of an expenditure of Rs 2740/- for the purpose of carrying out improvements as an anti-malarial measure to the Basavannah Channel within the Hospet Municipality. The work has not been executed so far. The Executive Engineer, Bellary, now states that the estimate of Rs 2740/- was prepared on the scheduled rates of 1946-47 and that as the cost of labour and materials have increased it is not now acceptable. He has therefore submitted a revised estimate for Rs 6410/- according to the schedule of rates of 1948-49. The D.P.H requests that the above revised estimate for the work may be approved. The Chief Engineer agrees with the Executive Engineer, Bellary and the D.P.H and requests that early orders may be be passed so that the work may be completed in 1948-49 itself. This Deptt, in the circumstances stated, may support the proposal.

The entire expenditure is debitable to '39. Public Health'. If the work is to be carried out in 1948-49 itself, additional appropriations will have to be obtained before the end of this year (1948-49)

2 Finance may agree to the proposal to sanction the revised estimate of Rs 6,410 for the work of improvements to Basavanna channel within the Hospet municipality (the estimate is based on the current schedule of rates for 48-49)

As regards the ways, the last date for receipt of proposals in Finance for obtaining additional appropriations in the current year was 20.2.49. If the expenditure on the work has not been provided for in the current year's budget and it cannot be met by reappropriation under "39. Public Health", the work may be taken up for execution early next year and steps taken to provide the necessary funds in the course that year.
